

ONE EYE OPEN

Acoustic guitars, mandolin, violin and percussions – that is all you need for straight, direct and authentic music that goes straight into your heart. ONE EYE OPEN is the German band around singer and songwriter Majo, who writes all songs and lyrics. His raspy and intense voice is in the focus, his lyrics remind us of Dylan Thomas, John Steinbeck or Tom Waits, with all their yearning and melancholy. Some call it Indie Pop or Folk Acoustic Pop, critics compare the music with Mumford & Sons or The Lumineers and praise in particular the great atmosphere of the live concerts.

After numerous concerts in clubs and other locations in Germany, Ireland, England, and Austria; after playing festivals with Liam o'Maonlai (Hothouse Flowers), Justin Sullivan (New Model Army), and Mike Peters (The Alarm), a long-awaited new album will be released in May 2023.

ONE EYE OPEN are:

Majo – Guitar, vocals
Jules Booth – Violin, vocals, piano
Heiko Wichelhaus – Guitar, Mandolin, Vocals
Tommy Kirchmann – Cajon, percussions
Ludger Optenhövel – Sound, mixing, tech
